Details:

This house is situated in the small village of S'Esgleieta, only a few minutes from Palma, and combines perfect Mallorcan tradition with close proximity to the capital.

Its well-planned renovation, which was carried out in 2018, has resulted in a functional, bright house with large open rooms connecting to the exterior area. High ceilings, exposed beams, cement and wooden floors, a wood-burning oven and other details make the property a perfect combination of style and comfort.

The outside area offers ample privacy with diverse places to enjoy the pleasant Mediterranean climate.

Location & surrounding area:

Esporles is situated in the mountains of the Tramuntana and has about 4.000 inhabitants, not far away from Palma, Valldemosa and Banyalbufar on the west coast. In earlier times the textile industry was an important element of the economy, today it is more agriculture and stock-farming and of course tourism. A walk through the village is always worthwhile.
