Details:

Situated on the outskirts of Palma de Mallorca on the bay of Cala Mayor, overlooking the sea and the royal Marivent Palace, this fantastic newly-built project combines modern urban living with high quality and architectural standards, and sustainable construction methods.

Only the highest-quality durable materials from well-known brands and manufacturers have been used during the construction of the 23 apartments. All the living units radiate a Mediterranean lifestyle, and are bright and friendly with surfaces and finishes in warm, light, natural tones. Natural stone, wood and soft surfaces form a harmonious unit, with the design and function of the fitted furniture and kitchens blending into the overall high-quality concept.

This elegant ground-floor apartment has an internal constructed area of 84.72 sqm including 2 bedrooms, 2 bathrooms, one of which is en suite, and an inviting living/dining area with an integrated, fully equipped American kitchen.

Highlights of the property include a 25.76 sqm, partially-covered terrace which is accessible from the living/dining area, and the 35.33 sqm garden which can be reached from all rooms, allowing the apartment to merge smoothly with the external area.

In the centre of the complex there is a spacious communal pool area with sun terrace surrounded by luxuriantly laid-out gardens.

Further features include an underground parking space included in the purchase price.

Location & surrounding area:

The coastal region of Cala Mayor is one of Mallorca's oldest holiday areas and adjoins the harbour of Porto Pi. The district is very central, and situated only a few minutes by car from the centre of Palma. Its close proximity to Palma makes the area interesting as a holiday destination all year round. Apart from that Cala Mayor has easy access to the exclusive south-west region of the island with Puerta Portals and Port Adriano, Palma city and the mountains of Genua.

Cala Mayor's absolute highlight, however, is its beach of the same name. Due to its protected location the water is clear and turquoise-blue, and the beach has the finest white sand. This wonderful beach has been awarded the blue flag and is very popular with families.

Cala Mayor is also a lively place with many restaurants and shops, and is well-known for its night life.

Additionally diverse historic attractions such as the old fortress Castillo Bellver, from where early birds can enjoy the wonderful sunrise over the bay of Palma, are very close by. Also in the area there are very good international schools.

In part due to continual renovation work, in recent years the district has developed into a popular area for investment.
