Details:

Apartments are offered for sale within an exclusive hotel complex in a prime location in Portocolom. These are freehold properties within a luxury resort, classified as a tourist investment asset and legally designated as holiday accommodation.

This unique unit is created by combining two adjacent studio apartments, offering a total living space of approximately 53 m² as well as a balcony of around 10 m². The well-designed concept provides a variety of usage possibilities: ideal for stays with older children or friends, where additional space and privacy are appreciated. At the same time, there is the attractive option to use one part of the unit personally and rent out the other separately—a flexible solution that combines comfort with appealing income potential.

The entire complex is managed uniformly and professionally, offering owners and guests a wide range of high-end amenities. These include a spacious pool area, a volleyball court, a multi-purpose sports field, a private cinema, a modern fitness room, stylish community areas and workspaces, as well as childcare services.

The units impress with their high-quality finishes and are sold fully equipped, including furniture, electrical appliances, and kitchenware. In addition, all units feature air conditioning and private balconies, providing enhanced comfort and quality of life.

This property is ideal for investors seeking to combine attractive returns with the option of personal use. Whenever the property is not in use by the owner, it can be conveniently rented out through the in-house management.

The seller guarantees a return of 5% for the first three years, offering additional planning security.

Please note that due to the tourist designation, it is not possible to register the property as a permanent residence or to live there year-round.
