Details:

This beautiful villa is situated in one of the most popular residential areas of Santa Maria del Cami. Its constructed area is 766 sqm and it stands on a plot of 25.730 sqm with wonderful views of the surrounding mountains and of Santa Maria, creating a fantastic Mediterranean atmosphere.

A path very decoratively plastered with gravel leads to the large wooden entrance door which opens on to a typical Mallorcan inner courtyard with a characteristic fountain. From here is access to the spacious entrance and living area of the property. All rooms have ample windows and terrace doors, and from the entrance and living area with fireplace there is access to the semi-open kitchen with dining room, a guest bathroom and various other rooms. A stairway to the bodega and the garage entrance can also be accessed from here.

In a further part of the building there is a separate guest apartment and more rooms which could be used, for example, as an office.

From the entrance hall a semi-open staircase leads to the upper floor with 3 large bedrooms, all with en-suite bathrooms and private terrace.

The house has a number of open and covered terrace areas which are connected to a 12,5 metre-long pool via wonderfully laid-out Mediterranean gardens with Arabian flair. Next to decorative and ornamental shrubs there are palms and fruit trees.

Further features include underfloor heating and hot/cold air conditioning with highly-efficient heat-pump technology, speedy internet, an electrolysis system for the pool and a separate garden shed.

The minimum rental duration is 5 years. The costs for pool and garden maintenance amount to 2500 euros per month.
