Details:

This spectacular loft in Son Macià combines modern design, high-quality furnishings and an absolutely privileged location with incomparable views across the island - all the way to the island of Cabrera. The property was newly built in 2022 and is available from October 6, optionally for rent until June.

The open-plan loft has two double beds and two separate bathrooms. The room concept is spacious and flooded with light, with clean lines and stylish minimalism. Particularly noteworthy is the panoramic view - one of the most beautiful in the region - which can be enjoyed both from the interior and from the terrace.

The charming, German-speaking owners also live on the property, but privacy in the loft is guaranteed at all times. The well-kept pool area is available for shared use.

There is also the option of renting a separate small guest house on the same property - ideal for 2-3 people.

The additional costs amount to € 400 per month, including electricity, water, WLAN and other operating costs.

Please note: The week from December 30 to January 6 is occupied by friends of the owners - individual arrangements would be necessary for this period.
