### Details:

Located on a sloping 18,500 sqm plot just a few minutes from the center of Manacor, this well-kept finca offers excellent privacy, southwest-facing valley views, and a practical layout suitable for year-round living or holiday use.

Built in 2007 and recently renovated, the finca blends traditional Mallorcan features such as diagonally laid terracotta tiles and wooden ceiling beams with comfortable interior spaces and thoughtful details throughout.

Access to the property is via an electric gated entrance that opens onto a large parking area with space for several vehicles. An alarm system is installed across the house for added security.

The main living level comprises approximately 180 sqm and includes 4 generously sized bedrooms, 2 bathrooms, and a spacious kitchen and dining area with high ceilings and a chimney. The adjoining living room leads directly to a covered terrace facing southwest, connecting to the garden and pool area.

The pool, measuring approx. 115 sqm, features a built-in grotto and a waterfall, with an adjacent terrace offering wide views of the surrounding land - ideal for outdoor dining or relaxing.

A set of exterior stairs leads to the lower level, where a completely independent guest house has been created. It includes a living area, kitchen, bedroom, and bathroom, offering full autonomy for guests or extended family.

The lower level of the main house also includes a utility room, an additional bathroom, and ample storage space, which can also serve as a garage.

The finca is connected to mains electricity and is supplied with water from a well. Double-glazed windows and air conditioning units are installed in the main living areas for added comfort.

A renewed cédula de habitabilidad is in place.
