Details:

This beautifully restored country estate, originally built in 1890, has been brought back to life with great attention to detail and the finest materials. A part of the original structure has been carefully preserved, combining traditional Mallorcan charm with modern living comfort.

Set on an extensive plot of approx. 19,770 m², the property includes the elegant main house, a fully functional windmill, a historic water basin, and a modern swimming pool that adds an architectural contrast while maintaining perfect harmony with the surroundings.

Upon entering this light-filled finca, the generous layout immediately catches the eye. The property offers four bedrooms, one of them with an en-suite bathroom. The warm contrast between the honey-coloured wooden beams and the white walls creates an elegant and welcoming atmosphere.

The ground floor features a bright entrance hall, a cosy and functional kitchen with access to the breakfast terrace, a spacious living and dining area, one bedroom, a laundry room and a garage. On the upper floor you will find additional bedrooms, an office, and a larger room that could serve as a workspace or studio.

The well-maintained Mediterranean garden with mature trees and multiple sunny and shaded terraces invites you to relax and enjoy the peace of the countryside.

This exclusive finca is ideal for those seeking a stylish home in a serene setting.
