Details:

This beautiful building plot with an area of approx. 218 sqm which already has a construction project is located on the outskirts of the authentic village of Ses Salines in the south-east of the island.

The project is for a town-house built on 2 levels with an open-plan concept. The plans include, on the ground floor, a spacious living/dining area with adjoining kitchen and practical utility room, a garage and a guest WC.

Planned on the upper level are 2 modern bedrooms, each with an en-suite bathroom, plus a separate, spacious master suite.

In the Mediterranean patio will be a large sun terrace with pool.

Location & surrounding area:

Ses Salines is one of the nicest and oldest villages at the southeast coast. The image of the village is characterised by cosy bars and restaurants, where Majorcans and tourists have their “café con leche” while enjoying the sun.

It is a typical Majorcan village that was named after its saline from the era of the Romans. Salt is reaped till this day. The “talaiots”, remains of a prehistoric settlement are also historically very interesting.

Many small bays as Cala Llobards or the dreamlike natural beach of Es Trenc is only a short drive away. You can also discover the beautiful flat landscape by bicycle.
